

When life gives you lemons...

...make lemon olive oil!

Thursday, 17th July 2014

We are proud to announce our new addition to the Sapori D'Italia Flavoured olive oil range, the **Sicilian Lemon Infused Extra Virgin Olive Oil**.

This is a delicious extra virgin olive oil, infused with Sicilian lemons, which gives it a great fruity taste. This is perfect to splash on salads for the warm summer months ahead, a fish dish or maybe even a white meat dish.

Our new lemon extra virgin oil in the heart of Liguria, where it is produced at Sapori D'Italia.

Did you know...

Lemon marries well with olive oil and aids digestion, is immune boosting and antibacterial.

There are many health benefits of lemons that have been known for centuries. The two biggest are lemons' strong antibacterial, antiviral, and immune-boosting powers and their use as a weight loss aid because lemon juice is a digestive aid and liver cleanser. Lemons contain many substances--notably citric acid, calcium, magnesium, vitamin C, bioflavonoid, pectin, and limonene--that promote immunity and fight infection.
